

Transaction Network Services

3 January 2008

**TRANSACTION NETWORK SERVICES PROMOTES THIERRY JASSERAND TO
REGIONAL DIRECTOR OF NORTHERN EUROPE**

Transaction Network Services (NYSE:TNS) has promoted Thierry Jasserand to be Regional Director of Northern Europe to manage and develop TNS in France, Benelux and Scandinavia.

Jasserand will work with country managers and the sales and marketing team to extend TNS' presence in Northern Europe as a leading contender in the retail, telecommunications and financial transaction sectors. Previously country manager of TNS France, Jasserand has been working at the company since 2002, helping to shape TNS as one of France's leading communications providers for transaction-orientated applications.

Jasserand has an impressive 25-year career history within the computer and telecommunications industry. Former Vice President Sales and Marketing and board director at Subiteo, an xDSL emerging telecommunications operator, Jasserand holds extensive knowledge in management, sales and marketing. Prior to this, Jasserand held senior positions at Facilicom International France, Siris, and Digital Equipment Corporation (DEC).

Steve Smith, Executive Vice President and General Manager of TNS' ISD Division, comments, "Thierry has achieved great success as country manager for TNS France, driving sales and increasing revenue with his extensive knowledge of the industry. Thierry is an experienced sales person with a proven track record and we look forward to building upon the existing and emerging relationships to drive TNS' growth across Northern Europe."

Jasserand says, "TNS provides a solid service throughout Europe and I am delighted to be extending my area of responsibility within the company. TNS has a very attractive proposition that can add real value to banks, retailers and partners, and I'm excited about the opportunity to expand in this region."

Jasserand will continue to be based at TNS' office in La Défense, Paris.

ENDS

About TNS

Transaction Network Services (TNS) is an international communications company that enables payments, money and voices to move around the world.

TNS' mission is to enable the world to transact. It does this through a broad range of networking, communications and value added services, which it provides to many of the world's leading retailers, banks/processors, telecommunications companies and financial markets.

Since its inception in 1990, TNS has designed and implemented multiple data networks, each designed specifically for the transport of transaction-oriented data. TNS' networks support a variety of widely accepted communications protocols and are designed to be scalable and accessible by multiple methods. Today, TNS has 32 offices across 29 countries with the ability to provide services in other countries.
